

Sightline™

User Configurable
Monitor Wall System

Flexibility Pre and Post Installation

SIGHTLINE is designed to make monitor wall installation and adjustment as easy as possible.

Display mounts attach to the QuickSet Rails allowing side to side relocation by simply loosening a few screws. The QuickSet Rails can be adjusted up or down with a single Allen Key.

Specs & Configurations

QuickRail Monitor Mounting

QuickRails are designed as a universal mounting platform, compatible with almost any monitor mount. We stock two mount types, standard tilt and fully articulating.

MonoRail Monitor Mounting

MonoRail is designed specifically for video wall mounts. They offer a full range of post installation adjustments ensuring a seamless bezel to bezel installation. The mounts can slide horizontally across the full width of the rail and come with a quick release for easy removal and maintenance.
